

Bob Rogers
Mayor

City of Murray

June 23rd, 2023

Notice to Valued Murray Water Customers:

On Monday, June 26th, we will begin the transition process of tying in our new water main along Fourth Street between Walnut and Ash.

As we make this transition, traffic delays and temporary loss of water service may occur. In addition, you may also experience cloudy or discolored water. The Murray Water System will be flushing these areas extensively to remove any discoloration and/or air that has entered the line during the tapping process.

As always, we sincerely appreciate your patience while we complete these infrastructure improvements.

Thank you.
