

Bob Rogers  
Mayor

# City of Murray

Thursday, January 13, 2022

On Friday, January 14, 2022, City of Murray facilities, with the exception of the Police Department, will be closed to members of the public so that we may sanitize our facilities due to COVID-19. Please note that this will be a **ONE-DAY** closure only and it will not affect city services. We will continue to offer services by phone, on-line at [www.murrayky.gov](http://www.murrayky.gov), and utilizing our drive through or night deposit at City Hall.

The safety and security of our community is our number one priority: emergency services will continue to be provided. The Murray Fire Department will be closed to members of the public and will be processing burn permits on-line only. Murray Water & Sewer and Murray Natural Gas facilities will also be closed to members of the public and will be conducting business by phone. The Murray Police Department will continue to respond to calls for service along with having the foyer open to members of the public. Visitors are asked to utilize the intercom system located in the foyer to communicate the type of service needed.

City Hall will be staffed from 7:30 AM to 4:30 PM to process utility payments, tax payments, and utility transactions from the drive through that is accessible from our entrance off 5<sup>th</sup> Street. Customers may also make non-cash payments by utilizing the night drop that is located in the east lane of the drive through, by paying on-line at [www.murrayky.gov](http://www.murrayky.gov), or by telephone payments.

Again, this is a one-day only closure. We will reopen our facilities on Tuesday, January 18, 2022 following the Martin Luther King Jr. observed holiday.
